BRIEF ABSTRACT OF LETTER.

Submits for the orders of Govt certain proposals relating the establishment attached to the Archaeological Deptt.

NOTES AND ORDERS.

1. The following proposals have been submitted by the Officer in charge of Archaeological deptt for the consideration of Govt:-

(i) Retention in service for 6 months more of one of the temporary clerks entertained in connection with

The preparation of the Index to the volumes of the Epigraphia Carnatica Series.

The entertainment of the temporary esstt for the above work was sanctioned in the first instance for three months (vide Govt. Memo. 6708-65 dt. 25.3.08) and this period was subsequently extended up to the end of the current Official year (vide Govt. Memo. 6706-75 dt. 15.8.08) on the understanding that the preparation & publication of the Index should be completed without any further extension being applied for. The attention of the Officer was drawn to this point again in Govt. Memo. Govt. Memo. 225-82 dt. 26.1.09.

This may be Sanctioned.

C&B 15/2 14/4/09

But it is now represented that, of the three men composing this temporary esstt., one clerk (on Rs 20/-) has to be retained for a further period of 6 months for getting the Index Slips ready for the press & correcting proofs &c.

(ii) Extension of the service of the Tamil Pundit of his Office for a period of at least 5 years.

The services of the Tamil Pundits were dispensed with in Dec 1905. He could not be provided with an appointment in any other dept. and on the Archaeological Office representing that there were several Tamil inscriptions newly discovered requiring decipherment

and transcription, Govt. sanctioned the temporary re-entertainment of this individual (in their order No. Fin. 67-06-65 G. 25.3.06.) with effect from 1.7.06. The period of employment was subsequently fixed at 1 year from the date, though the Archaeological Officer represented that the Pundit's services would be required for at least 10 years. The age of the Pundit may perhaps be ascertained from the Archaeological Officer before considering the present recommendation for his retention in service.

(iii) Confirmation of the two temporary peons.

The entertainment of these peons was sanctioned in ~~correct~~ G.O. No. Fin. 67-06-65 G. 25.3.06 & according to G.O. No. 63-07-54 their services have to be dispensed with at the end of the current official year.

The menial estt. of the Archaeological Office was reduced from 7 to 5 hands in the G.O. of 10.4.07. The present proposal for the confirmation of the two temporary men referred to above, will, if sanctioned, restore the original scale.

The reasons for making these men permanent are explained in para 1(c) of the Archl. Officer's letter.

(iv) Confirmation of the temporary English clerk.

Before the end of the period, a report should be submitted, if necessary, further extension necessary giving full details about the work done each year in the past, the work remaining ready to be taken up & the time required & what expectation there is of new discoveries. may also be extended for another year.

Temporarily for 1 year was sanctioned vide G.O. No. Fin. 4307-56 Dt. 16-11-08 particularly for work in connection with the revision of certain Vols. of the Epigraphia Carnatica Series & the preparation of the Index to the same. The latter work, it is reported, has approached completion, but it is not stated what progress the revision work has made & how long it is likely to continue.

~~There is at present only one Epigraphical Assistant in the permanent staff.~~

(v) Increase of the provision for travelling allowance.

The usual grant under this head for the Archaeological dept was Rs 500/- But this amount was increased to Rs 1000/- ~~last year~~ in the current year's budget on the Archl. Officer representing the necessity for the increased provision. The Officer now states even Rs 1000 will not suffice for next year as he will have to make extensive touring in connection with the excavation work, the preparation of the Archaeological Portfolio & the Survey necessary for bringing out a revised edition of certain Volumes of the Epigraphia Carnatica series. He requests that the provision for T.A. may therefore be fixed at Rs 2000/-.

If actual expenditure during 08-09 has been more than 1000 Rs, a provn of 1500 Rs may be made.

Please consult Branch II. I was in hopes that on Mr Rice's retirement the establishment could be considerably curtailed. Mr Narasimhachar wishes to continue & carry on the work at the present rate which Mr Rice left it, and is sending in proposals for temporary and permanent establishments which require careful scrutiny. The operations of the Deptt should be restricted to what is absolutely necessary.

The indexing Estabt:

6 It was distinctly directed in G.O. 9 1578/08 that the preparation of the index as well as its publication Shd. be completed within the period of one year allowed in the order. That period expires on 30.6.09. The work of arranging the Slips alphabetically, revising & Copying them out for the press is expected to be finished before the end of the Current Fl Year and there will then remain only the work of reading the proofs. It is apparently unnecessary to keep a special hand for such work which may be attended to by the permanent Estabt of the Office. It is undesirable to be extending the term of employment of temporary Establishments which fail to finish the work entrusted to them within the time allowed. It will also be asked that Mr. Ramakrishna Iyer does not explain why the work Cannot be Completed within the time allowed by the Order referred to.

The present staff contains only one official knowing English & he cannot be expected to do this work in addn to his other work.

No. This man was on the permanent staff - he was dispensed with some years ago as it was thought that there was no more Tamil work to be done. It is desirable to appoint a person knowing Tamil & Kanarese from the permt. posts at a suitable opportunity.

It is not known if there is no one in the permanent Establt who knows Tamil. If not, it is better to take the earliest opportunity to appoint one knowing that language for one of the permanent posts. The work referred to by Mr Narasimha Char is the normal work of the Dept & shd be done by the permanent Establt allowed for the Dept. Besides the work is apparently not a very pressing one & there may be no need for employing special establishments for the purpose.

6. The permanent employment of two persons

There seems to be no need for increasing the no of permanent posts which was fixed on a consideration of the requirements of the Dept. The office is a small one & one person can well attend to Head Qr office work when Mr Narasimha Char is away on tour and two men may suffice for tour work. There are besides two men apparently treated as the Officer's orderlies & these shd also be available for tour work; with the no allowed it may even be possible to allot two men for Head Qr office work, during

and a similar no for lower work. The no of menials has been fixed by Govt & a persons attempt shd be made to work with that no.

Repeated extensions of the terms of temporary Establishments for the normal work of an office or dept are to be discouraged from the financial point of view, when there is a permanent Staff sanctioned for the same work.

9 The Confirmation of the temporary English Clerk.

This Clerk was given for a particular work & there is no reason to retain him permanently. There can not be much clerical work in an office of this kind & other than clerical work shd be done by the Establt allowed there & no addition to such Establt can be recommended financially.

10 Provincial allotment for Cy.

This has to be fixed with reference to actual expenditure in the past. If a large amount of Touring is expected during 1909 1910 & such special touring is sanctioned by Govt, some addn to the normal grant may be made.

19 I find that proposals for alteration of establishment are frequently received by Govt and considered without a proper statement with the 'present scale' verified by the Comptroller.

29 On the merits of the question, the proposal is only to continue the existing establishment (with an insignificant exception), and the matter may be easily disposed of without a proposition statement. The exception is an increase of 5 Rs proposed to one of the establishment, which has been refused in the notes recorded here.

30 I am by no means certain whether the proposal to continue an existing temporary establishment can be regarded as a change temporary or permanent in an office; it cannot certainly be regarded as the entertainment of a new establishment within the purview of art. 57 of the C. A. Code, so as to render

the Financial Secretary's opinion
as Correct, I am of opinion
that this is not the stage at
which he can in his own respon-
sibility pass an order for calling
for such a statement. The file
had been sent once before to the
H branch, and the Assistant Sec^y
who wrote a long note did not
raise the point. The H Sec^y shd
(1) have seen it then before its return,
or if he did not, he must be taken
to have accepted responsibility for
it. If this matter had been raised,
I would not have wasted my time
over going through the long file & noting
my views.

31 As this is a question of proce-
dure, I think a ruling by the Dewan
is necessary. It would be
waste of time to carry out the H Secy's
suggestion now as the matter can
be quite easily disposed of on

With reference to Councillor's note above

that we cannot prepare a proposition statt ourselves. A proposition statement makes the Finl: consideration of the case easier & the thing is seen at a glance & I thought there was no harm in calling for one for considering the financial aspects of the case which alone has to be done by me personally when the views of the Finl: Branch are not accepted by the Councillor. In considering questions of this kind, it is useful to have before us not merely the particulars of the alterations suggested but a statement of the strength of the office as a whole. For example in deciding whether a temporary clerk should or should not be retained for six months more, a knowledge of the total number of clerks in the office is necessary.

SIR,

I have the honour to forward herewith letter N° 126 of the 16th instant received from the Officer in charge of Archaeological Researches in Mysore submitting certain proposals in the interests of the Department.

I have the honour to be,

Sir

Your most Obedient Servant

H J Bhabha
Inspector General

No. 126.

Mysore Archaeological Office,

Bangalore, 16th February 1909

From

R. Narasimhachar, Esquire, M.A.,

Officer in charge of Archaeological Researches

in Mysore,

To

C.S. Balasundaram Iyer, Esquire, B.A.,

Offg. Secretary to the Government of H. Highness

the Maharaja of Mysore,

General and Revenue Departments.

(Through the Inspector-General of Education in Mysore).

Sir,

I have the honour to submit the following proposals in the interests of the Department and to request that Government may be pleased to accord sanction to them.

1. Temporary establishment. This includes (a) the indexing establishment consisting of the late Manager on Rs 100 and two clerks on Rs 20 each (b) The Tamil Pandit on Rs 30; (c) two peons on Rs 8 each; and (d) an English clerk recently appointed on Rs 25.

(a) The indexing work is approaching completion but the work of arranging the slips alphabetically, revising and copying them out for the press is not likely to be finished before the end of the current official year. I therefore request that the services of one of the clerks on Rs 20 may be retained

for a period of at least 6 months more. He will attend to the above work and also help in reading the proofs.

(b) A large number of Tamil inscriptions is being newly discovered in different parts of the Province. The published Tamil inscriptions of the Mysore District which form nearly a fourth of the total number of inscriptions of that District are, with very few exceptions, incorrect and incomplete. These have to be examined in situ and correct copies obtained. The inscriptions have again to be got ready for the press and transliterated. It will thus be seen that there is enough work for a permanent Tamil pandit. If however Government are not prepared to make the appointment permanent, I would request sanction for its continuance for a period of at least 5 years.

(c) There are only 5 permanent peons in this Department. Of these, two, who were given to me in my capacity as Assistant to the Director of Archaeological Researches by Govt. Order No. *491-2 / M.J.397-92 dated 12th July 1901, are with me. The others are in the office. When going on tour the services of 3 peons are absolutely necessary: of two for taking impressions of inscriptions and of one for other work, such as guarding camp things &c. And there must be at least two peons at Headquarters to attend to office work and to sleep in the office by turns during the night. In these circumstances I request that the two temporary peons may be made permanent, as otherwise outdoor-work in connection with both inscriptions and excavations will greatly suffer.

(d) The services of an additional permanent English clerk are very necessary for the office. The routine work and correspondence of the office may not at times fully engage both the hands, but it has to be stated that the clerks here, unlike in other offices, have as a rule to do a great deal of epigraphical and literary work in addition to their legitimate duties as mere clerks. Preparation of press copy, transliteration and proof-reading form an important part of their duties. One clerk cannot do much of this kind

of work in addition to his other duties and consequently the preparation and publication of revised editions of some of the volumes such as the Sravana Belgola are very much delayed. It is therefore requested that Government may be pleased to make the appointment of an additional clerk permanent. He will not only help in the work detailed above but will also assist in the work connected with the publication of the Indese volume the establishment for which has been proposed to be reduced. (Para I. a).

2. Travelling allowance. As information is being received from several places about inscriptions not copied before, tours have to be made to these places. Further, tours have also to be made in connection with the excavation work and the architectural portfolio. Further, the copies of the volumes of the inscriptions in the Mysore District are getting out of stock. A careful survey of most of the Taluks has to be made before revised editions can be published. Consequently the present provision of Rs 1000 under this head is quite insufficient for the purpose. It is therefore requested that the amount may be increased to Rs 2000/-

3. Establishment. The Photographer and Draughtsman of my office, who has put in 21 years' good service, is a specialist of high attainments in his branch of work. His services have often been requisitioned by Government in connection with the Mysore Industrial and Agricultural Exhibition, the Franco-British Exhibition, the third Maharajakumari's Mansion in Mysore, Mr. E. Thurston's Monograph on Carpets, &c. His work has always been neat and satisfactory and has been spoken of very highly by Messrs. E. R. Subroyer and B. P. Raghavalu Naidu. His present pay is Rs 95. I would strongly recommend a small increase of Rs 5/- to his pay.

I have the honour to be,

Sir,

your most obedient servant,

R. Narasimhachar
